

SEMI-WEEKLY ENQUIRER.

WEDNESDAY, APRIL 3, 1867.

LOCAL AGENCY.—Mr. T. B. HOPKINSON is our authorized Agent for Little York, New Bet, Red Dog, and Nevada City, and all localities between Dutch Flat and the latter City. All orders for advertisements and job work entrusted to his care will be promptly attended to.

WE have received a communication over the signature of "V." which reflects too heavily upon some of our citizens to justify an insertion in our columns. We can stand merited criticisms, but desire to keep our columns, as far as possible, clear of personalities. We have learned from experience that, notwithstanding disclaimers on our part as to the injustice or unfairness of communications, we are blamed for allowing their appearance in our columns; hereafter, without intending disrespect to any one, we shall decline to publish any article we may see fit. We are tired of an indiscriminate responsibility.

OUR NEW ACQUISITION.—If we may believe the telegraph, we have received an accession to our territory of nearly 500,000 square miles, comprising all the Russian possessions on this continent. We are glad of it, because, it more naturally falls under our care than that of Russia. Americans are building a telegraph across it and must stay there to protect it. But most of all we are glad, because we now have the British territory on this side of the continent in chancery. If we make war it can be done to advantage. If we want to buy out the English government we are in a good position to make right terms. Besides, it is a very strong hint to Victoria, "Go thou and do likewise!" It is very easy to say that its only products are ice and timber, but if that were entirely true it would be no mean bargain even then. But there are many other things in its situation and future possibilities that make it worth far more than its present value.

WHO SHALL BE PRESIDENT.—Many Union men and newspapers are presenting, if not urging the name of General Grant for the next Presidency. We object most decidedly. First, because he is merely a military man. Next, because he is too fearful of expressing his opinions. And because he thinks that it does not become him to express opinions. Our Government is based upon the sovereignty of the individual, and every man should have an opinion upon every great public question, and not fear to express it upon all proper occasions. No man is fit to be President of the United States who has not decided sentiments and convictions upon all the questions now so powerfully exercising the public mind. Besides, General Grant has never shown any great fitness for civil office, and even if he had, the profound silence of the last ten months would be an effectual bar. We have been deceived too often by men who have spoken, and by those who have been silent, to afford to trust any doubtful character.

DEATH OF SENATOR TUTTLE.—M. C. Tuttle, State Senator representing the counties of San Bernardino and San Diego, died at his residence in San Bernardino city on the 10th of March, after a protracted illness. The *Guardian* of the 17th of March says: "In all the relations of life, the deceased maintained a character above reproach, and leaves a numerous circle of friends to mourn his untimely end. His widow has the consolation of knowing that the whole community sympathize with her in her irreparable loss. The funeral took place on Tuesday last. The body was conveyed to the court-house, which was thronged with sorrowing friends."

REESE-CLARKE CASE.—The jury in this case retired from the court at twenty minutes past twelve, and returned at three o'clock, P. M., awarding the plaintiff the sum of five thousand dollars and costs. It appears that the counsel for defendant is not satisfied with the decision of the jury and has moved a stay of proceedings in order to file a statement for new trial. We had hoped that a verdict from the jury would have ended this disgraceful affair, but it seems that the lawyers are not satisfied.

GONE.—Mr. H. C. Melbourne, who has been a resident of this place and Gold Run for the past three years, left this place on Saturday last for San Francisco preparatory to his departure for the Atlantic States. He intends making his home in New Orleans and has promised us several letters from that place. We regret losing Mr. H., as he had endeavored himself to a large circle of friends in this vicinity by his uniform good behavior and kind heartedness.

PROPOSED ATLANTIC CABLE.—A company is organized and asking the New York Legislature to grant a charter to lay a cable from New York to Brest, St. France. The bill has passed the Senate but meets with some opposition in the lower house, supposed to have been occasioned through the influence of the present Atlantic Telegraph Company, who it is said, have bought off the projectors of the Russian Telegraph line, it having been abandoned.

LAST OF THE OLD GUARD.—The telegraph announces the death, at Edinburgh, New York, of Samuel Downing, the last surviving soldier who was actually under arms in the war of the Revolution. He was 106 years old, and has lived in Saratoga county for more than half a century. Peace to the ashes and honor to the aged veteran—the last of the old guard of American Liberty.

STANDARD OF THE THUMB.—One of the employees of the C. P. R. R. Co. while working at the pile driver in use north of the slough got his thumb caught between the drum and rope and would have been killed but for the timely stopping of the engine by the engineer who was watching him at the time.

THE EDITOR OF THE SAN RAFAEL JOURNAL.—A few days ago treated to a sample of fresh strawberries, grown near San Rafael. Not such a bad place after all, if it does adjoin the State Prison.

CONGRESSIONAL.—Congress adjourned at 12 o'clock, on Saturday last to the first Wednesday in July next, when, if there is a quorum and the President has elevated his back during the interim, he will be attended to. If, however, he has executed the laws and behaved himself, Congress will not convene for business until December. The President, it is said, will convene the Senate to consider the nominations not acted upon. Among the bills which failed for want of approval by the President, are, the bill respecting arms to be furnished for the militia of Tennessee; the bill forbidding payment to the loyal owners of slaves, etc. It is understood that the Military Committee reported adversely on the nomination of Rosseau as Brigadier General in the Regular Army vice Rosencrans, resigned. Sumner and Wilson are in favor of a universal suffrage bill, and Sumner says he has no doubt that under the recently adopted Constitutional Amendment Congress had a right to pass such a bill. The Senate bill to reimburse Ohio and Indiana for money expended for the United States in enrolling, equipping, and provisioning militia during the rebellion, passed in the House. Also Senate bill granting the American and Atlantic Cable Company the right to lay on the land and operate submarine cables on the Atlantic coast, and to establish a telegraph between the United States and Europe via Bermuda and Azores.

DON'T SEE IT.—The *Chico Courier* is jubilant over what it pleases to term a "foregone conclusion" as to the nomination of Bidwell for Governor, and asserts that the people are unanimous in his favor, and that politicians are clinging to his skirts in order to get into the triumphant train; all of which emanates from the brain of Bishop, for as yet, we are certain that Bidwell has not been nominated, and it is, as yet, uncertain whether he will be nominated. We also think that the mining and commercial interests have an equal right to select a candidate. If Bidwell is nominated, then we will cheerfully support him, but we are inclined to the opinion that there are others in the State equally as well qualified for gubernatorial honors as the candidate selected by Parks of Marysville in order that he might have an opportunity to go to Congress. The silly report of a correspondent of the *Bulletin* that McRuer, Connors & Co., favor Bidwell is not binding upon the people, we imagine. We were not aware that they had the power to select officers for those whose servants they are. Let General Bidwell go into Convention upon his merits, and without any attempt on the part of his admirers to forestall his chances with his peers.

DISBANDED VOLUNTEERS IN WANT.—The *Bulletin* is informed on good authority that there is really considerable suffering among the volunteers recently discharged from the service of the United States, in San Francisco. After being in the army a few years it is difficult for most men to find regular and profitable employment in the vocations of civil life, and while they are seeking it some of them suffer, especially if they have families dependent upon them.—*Independent*.

It seems to us that those who are unable to obtain employment in the large cities could find it in the interior, if they could be induced to go there. It is too often the case that those who fail to get employment in the cities immediately get their claims placed prominently before the public as worthy objects of charity. We see no necessity for this when work can be procured by these persons if they could be induced to give up their preferences for city life. There are abundant opportunities in the country for persons, and all that is necessary is, that they pursue habits of sobriety and industry. We admit that those who have shown a disposition to defend our country should be thought of and all proper means used to obtain them situations whereby they may earn a living; and if possible a competency, but it is folly to attempt to make the whole of those who volunteered in the army a burden on the country. The Government has provided what it has deemed liberally for them, and they should be now willing to take their chances.

ROBBERY AND MURDER.—The Nevada *Tribune* of Sunday last, furnishes the following particulars of a robbery and murder about three miles above San Juan, on Friday of last week: The party, consisting of two Spaniards and one American, first entered a cabin on Missouri creek, and demanded money. On the Chinaman refusing, a rope was placed around his neck and he was strangled over a limb of a tree several times. He then gave the robbers seventy dollars. From this place the robbers went to Moon's Lake Creek, a short distance off, and after getting the sum of some seven or eight hundred dollars, they went to a house. One of the Chinaman made some resistance and the robbers fired at him with a pistol. The shot took effect in the abdomen, and he died in a few moments. The robbers got thirty dollars in coin and several pairs of blankets at this place. When our informant left no trace had been discovered of the robbers and shoes, with a large stock of goods, the public generally will be acquainted with every description of work in his line at the most reasonable rates.

RELIEF FOR THE SOUTH.—The following circular is being freely circulated in all circles, irrespective of political predilections throughout the State, and is sufficiently suggestive without anything from us. We had hoped that our suggestion would have been acted upon before this, as it would demonstrate that the people of Dutch Flat and vicinity were not lost to all feelings of humanity, and were willing to extend their mite to the starving thousands in their own country, but it appears that they have thought differently. The following is the appeal:

SAN FRANCISCO, March 29th, 1867.—Dear Sir: Our obligations of duty toward suffering humanity demand some action in behalf of the destitute people of the South. Information received through private telegrams and letters from the East corroborative of the published reports, have dispelled all doubts concerning the urgency of the case. Starvation is impending. You are respectfully invited to attend a preliminary meeting of citizens, to be held at the rooms of the Union Insurance Company, Nos. 416 and 418, California street, on Monday, the 1st proximo, at half past seven o'clock P. M. for the purpose of considering and adopting such measures as the occasion requires, in that spirit of good charity which recognizes neither party sect nor creed, to the end that all may co-operate in the performance of a duty which is sacred alike to all. Respectfully, D. O. Mills, Thomas H. Selby, L. H. Allen, Jas. B. Roberts, H. H. Coon, Miles D. Sweeney.

Will our people co-operate with these Christian philanthropists?

SOMETHING NEW.—Mark Twain, in his last letter to the *Alta* from New-York, gives the following description of a new and valuable invention in the printing line:

I have been examining a machine to-day, partly owned by a Californian, which will greatly simplify, cheapen and expedite stereotyping. With a single alphabet of type, arranged around a wheel, the most elaborate book may be impressed, letter after letter, in plaster plates, ready for the reception of the melted metal, and do it faster than a printer could compose the matter. It works with a treadle and a bank of keys, like a melodeon. It does away with cases of types, setting up and distributing, and all the endless paraphernalia of a printing office. The little machine could prepare Webster's Unabridged for the press in a space no larger than a common bath-room. By this invention, a man could set up as a stereotyper, on a large scale, on a capital of \$200. It will either print or stereotype music with the utmost accuracy. As a "bander," it may be printed in three minutes, by repeated impressions of a single type. The funniest part of it is that the inventor does not know anything about the art of printing. But he has invented all sorts of curious machines (among them a flying ship), without any mechanical education, and points well in oils, and performs on the guitar and piano without having ever received musical instruction. The stereotyping machine has been patented in the United States, England and Prussia, and is to be exhibited at the Paris Exposition.

SEMI-WEEKLY ENQUIRER.

LETTER FROM COLFAX.

COLFAX, April 2d, 1867.
MR. EDITOR:—You recollect that some time ago I visited Rice's Bridge, and for the pleasant memories associated with that visit I shall ever feel grateful. While there I eat my meals with punctuality and dispatch, frequently imbibed his "juice" and told him I thought it was as "good truck" as I ever tasted in my life. Afterwards, as a correct note of passing events, I was compelled to speak disparagingly of his road, and regret the want of enterprise shown by the proprietor. Of course, offence was taken, and I was violently denounced; but I learn now that he contemplates an improvement of his road and already has a large number of Chinamen at work thereon. The proposed improvement begins at his bridge and ascends the hill at a good grade, passing Shiloh Canyon below where Indian Canyon empties into it, and ends at Yankee Jims. If this improvement had been commenced at the proper time it would have been an excellent investment, but now the feelings of the community here, as well as on the divide, is strongly with Mr. Rutherford, and his road will receive the greater amount of patronage. I regret, as a friend of Charlie's, that this is the case, and that he has so long neglected laying out the main road, which it is well known he can command, so beneficially. I am glad, however, that my letters have had a tendency to awake him from his "Rip Van Winkle" sleep, and trust in the future he may manifest a greater spirit of progress, while plandering to the public.

A correspondent in the *Stars and Stripes* of last week, says that nobody among our people but John Kneeland, has been thinking of this place becoming the county seat of this county. I cannot imagine where that correspondent could have been, or what he has been doing for the last year. He must have been living down at Illinois town and managed to leave long enough to come up here and mail his letter. I can imagine no other reason for his evident lack of correct information upon a matter of so much importance. Why, sir, there is not an individual living in this place, however dumb he may be, but who confidently believes that this place will eventually be the county seat of Placer. It has a thousand advantages over any other place. It is on the Railroad, the great thoroughfare of the country and by far the most convenient point to the most populated portions. It now commands a greater permanent trade than any other place, and when some improvements in roads are made, that will be thibbled. It is well known too, that Auburn is falling in the background, year after year sees it drifting back faster and faster, and soon, as a matter of necessity, the county seat will be taken from it. When the time comes, the advantages of Colfax will be seen, and it will come here as a matter of course. It has not been the policy of our people to agitate the question of removal, but all thinking men see that events are shaping to that result. No right minded man can blame Mr. Kneeland for preferring to keep his property to be used for the purpose of public buildings, when it is evident to every one that he owns the proper site therefor, and at the proper time his motives will be appreciated by perhaps as stupid an individual as "Sam." He may then, perhaps, see that it is common sense sometimes, and not always "divinity" that shapes our ends.

The last Wednesday's issue of your paper failed to reach this place. Considerable murmuring was heard thereat, and it was evident that there was a feeling of dissatisfaction. It was well known that "Occasional" was the champion of the woodchoppers, and everybody was anxious to hear his views. Various conjectures were made, but none seemed satisfactory to the over excited populace. And when it was reported—however improbable the story may seem—that your paper had been suppressed by Federal authority, it was generally believed, and the excitement reached the highest pitch. Open resistance was favored and numbers volunteered to lead in any movement, however desperate the venture. For a time it was feared that the over rash were in the majority, and many trembled for the consequences. But after a time wiser counsels seemed to prevail; but the headstrong were not fully controlled until it was satisfactorily shown that it was a mishap of the mails and not to direct suppression that we were to attribute your non-arrival. For this piece of information we were under obligation to our efficient Postmaster, and I am told that at the last meeting of the Woodchopper's Association a resolution was offered by a conservative member, returning thanks to that officer for the services rendered. It was unanimously adopted. There are numerous rumors afloat in regard to some contemplated law suits, and a personal difficulty between two well known citizens is apprehended. I shall endeavor to sift the matter and give you all the facts in my next.

Yours, OCCASIONAL.

CONSTABLE'S SALE.

BY VIRTUE OF AN Execution to me delivered and directed on the 20th day of March, 1867, issued out of the court of E. Aubrey, a Justice of the Peace in and for Township No. 4, County of Placer and State of California, on a judgment rendered in said court on the 20th day of September, 1866, in favor of J. O. Hilber, and against A. A. Ferguson, for the sum of \$17.83 in gold coin of the U. S. with \$10.27 interest, and for costs of suit taxed at \$19.63, I have this day levied upon and will expose to public sale, to the highest bidder for cash, in front of the Justice's Office, in Dutch Flat.

On Wednesday, April 24th, 1867, at the hours of 11 o'clock A. M., all the right, title, interest and claim which the said A. A. Ferguson had on the 15th day of September, 1866, in and to the following described property, to wit: One lot or parcel of land, situated in the town of Dutch Flat, Township No. 4, Placer County, State of California, and bounded on the North by E. B. Doss's lot, on the South by Mrs. McCulloch's lot, on the East by Sacramento Street and extending back 200 feet more or less. All of which named and described property I shall sell as aforesaid, or so much thereof as may be sufficient to satisfy the above judgment together with the costs due and to become due thereon.

MEDICAL.

S. T.-1860.-X.

"JES' SO!"—EXACTLY!—"Solon Shingle said; they were there "every time." If he felt "owley" in the morning, he took Plantation Bitters; if he felt weary at night he took Plantation Bitters; if he lacked appetite, weak, languid, or mentally oppressed, he took Plantation Bitters and they never failed to set him on his pins square and firm.

A few bottles of PLANTATION BITTERS will cure Nervous Headache, Cold Extremities and Feverish Lips, Sour Stomach and Fetid Breath, Flatulency and Indigestion, Nervous Affections, Excessive Fatigue and Short Breath, Pain over the Eyes, Mental Despondency, Prostration, Great Weakness, Sallow Complexion, Weak Bowels, &c., which are evidences of

Liver Complaint and Dyspepsia. After a long research, we are able to present the most pleasant, the most remarkable cure for those horrid nightmare diseases the world has ever produced. While on your stomach over six hundred and forty thousand persons have taken the Plantation Bitters, and not an instance of complaint has come to our knowledge! It is a most effectual tonic and agreeable stimulant, suited to all conditions of life. The original quality and high standing of these goods will be sustained under every and all circumstances. They have already obtained a sale in every town, village, parish and hamlet among civilized nations. Base imitators try to come as near our name and style as they can, and because a poor article cannot be sold as low as a good one, they find some support from parties who do not care what they sell. Be on your guard. See our private stamp over the cork.

LYON'S KATHAIRON.

It is a most delightful Hair Dressing. 1. eradicates scurf and dandruff. 2. keeps the hair cool and clean. 3. makes the hair rich, soft and glossy. 4. prevents the hair turning gray and falling off. 5. restores the hair upon prematurely bald heads. This is just what Lyon's Kathairon will do. It is pretty—it is cheap—durable. It is literally sold by the car-load, and yet its almost incredible demand is daily increasing, and there is hardly a country store that does not keep it, or a family that does not use it.

LYON'S EXTRACT GINGER.

LYON'S EXTRACT OF PURE JAMAICA GINGER.—For Indigestion, Nausea, Heartburn, Sick Headache, Cholera Morbus, Flatulency, &c., where a warming stimulant is required. MUSTANG LINIMENT.

Have you a hurt child or a lame horse? Use the Mexican Mustang Liniment. For cuts, sprains, burns, swellings and caked breasts, the Mexican Mustang Liniment is a certain cure. For rheumatism, neuralgia, stiff joints, stings and bites, there is nothing like the Mexican Mustang Liniment. For spavined horses, the poll evil, ringbone and swellings, the Mexican Mustang Liniment never fails. For wind galls, scurfs, big-head and all the ailments of the horse, the Mexican Mustang Liniment is worth its weight in gold. Cuts, bruises, sprains and swellings are so common and certain to occur in every family, that a bottle of this Liniment is the best investment that can be made. It is more certain than the doctor—it saves time in sending for the doctor—it is cheaper than the doctor, and should never be dispensed with.

In lifting the kettle from the fire, it tipped and scalded me terribly. * * * The Mustang Liniment extracted the pain and caused the sore to heal rapidly, and left very little scar.

CHAS. FOSTER, 420 Broad str., Phil. Mr. S. Litch, of Hide Park, Vt., writes: "My horse was considered worthless, (gavin) but since the use of the Mustang Liniment I have sold him for \$150. Your Liniment is doing wonders up here."

LYON'S FLEA POWDER.

DEATH TO FLEAS.—It is well known that Lyon's genuine Magnetic Powder will perfectly destroy everything in the shape of Fleas, ticks, bed-bugs, roaches, &c., that it is perfect poison to the insect tribe, but entirely harmless to the human species and to domestic animals. The genuine has the signature of E. Lyon, and the private stamp of Demas Barnes & Co. Anything else of this kind is an imitation or counterfeit. Any Druggist will procure the genuine if you insist you will have no other.

It is also an excellent remedy for females who suffer from difficult menstruation, giving almost immediate relief to the spasms that so frequently accompany that period. It gives immediate relief to Nausea, caused by the riding in a railroad car, or by sea-sickness, or other causes. It is also valuable as an external application for Gout, Rheumatism, Neuralgia, &c.

HOPE FOR THE AFFLICTED.—In another part of this paper will be found the advertisement of the celebrated Institute established by Dr. J. C. YORKE, in 1850. In this age of deceit and charlatanism, it is a boon to the suffering to point out to them where they are sure of obtaining the wished for relief and cure. Under the care of the skillful Doctor the sick and troubled can divest themselves of their burdens of pain; lay aside their crosses, and secure health and happiness. If you are sick or in trouble, do not hesitate. Read the advertisement and follow the advice. Do not forget the number or the manner of directing your letters. MEDICAL ADVICE.—Dr. W. K. DOHERTY's Medical and Surgical Institute is becoming a sine qua non to the welfare of our State and health of our citizens; and his rapidly spreading reputation, although it may excite surprise, is but the signal of skill, and follows as the natural result of such a cause. We are personally acquainted with gentlemen who had suffered for years under chronic disease, and who had taken advantage of every available means that promised relief, but without success, until they called upon Dr. Doherty, who, in an incredibly short space of time, has given them entire relief. It is gratifying to announce this fact, because the Dr. is a gentleman who seeks, not by deflation of others to establish his reputation or ruin of another's fame. The Doctor conducts his own Institute in such a manner must be gratifying to all his patients. He examines, advises, and recommends without charge, and the patient, after hearing his terms for treatment, can accept or reject at pleasure. In no case does the Doctor make a charge unless he effects a cure. This he is able to do, because he feels the confidence which long experience has given, and no doubt the consolation which appertains to that confidence. Persons afflicted with other acute or chronic disease, would do well to consult the Doctor; at all events, it can do no harm, as for consultation he asks no fee; nor does he insist on obedience to his advice unless the patient places himself under his care. His offices are on Sacramento street, opposite the Pacific Mail Steamship office.—News

A NEW AND GRAND EPOCH IN MEDICINE.—Dr. Maggell is the founder of a new Medical System! The quantarians, whose vast internal doses can feeble the stomach and paralyze the bowels, must give precedence to the man who restores health and appetite, with from one to two of his extraordinary Pills, and cures the most violent cases with a box or so of his wonderful and all-healing Salve. These two great specifics of the Doctor are fast superseding all the stereotyped nostrums of the day. Extraordinary cures by Maggell's Pills and Salve have opened the eyes of the public to the inefficiency of the (so called) remedies of others, and upon which people have so long blindly depended. Maggell's Pills are not of the class that are swallowed by the dozen, and of which every box full taken creates an absolute necessity for another. One or two of Maggell's Pills suffices to place the bowels in perfect order, tone the stomach, create an appetite, and render the spirits light and buoyant! There is no griping, and no reaction in the form of constipation. If the liver is affected, its functions are restored; and if the nervous system is feeble, it is invigorated. This last quality makes the medicines very desirable for the wants of delicate females. All Ulcerous and eruptive diseases are literally extinguished by the disintegrating power of Maggell's Salve. In fact, it is here announced that MAGGELL'S PILLS, DYSPEPTIC AND DIARRHEA PILLS cure where all others fail. Which for Burns, Scalds, Childbed Sores, and all abrasions of the skin MAGGELL'S SALVE is infallible. Sold by J. MAGGELL, 11 Pine street, New York, R. H. McDonald & Co., San Francisco, and all Druggists, at 25 cts. per box. jy 7 12m

MEDICAL.

FRENCH MEDICAL OFFICE.

Dr. JULES PEREAULT, Doctor of Medicine of the Faculty of Paris, Graduate of the University Queen's College, and Physician of the St. John Baptist Society of San Francisco.

Dr. PEREAULT has pleasure in informing patients, and others seeking confidential medical advice, that he can be consulted daily at his office, Armory Hall Building, North-East corner Montgomery and Sacramento streets, San Francisco, Rooms No. 9, 10, 11, first floor, upstairs entrance either Montgomery or Sacramento streets.

Dr. PEREAULT's studies have been almost exclusively devoted to the cure of the various forms of Nervous and Physical Debility, the results of injurious habits acquired in youth, which usually terminate in impotence and sterility, and permanently induce all the concomitants of old age. Where a secret infirmity exists involving the happiness of a life and that of others, reason and morality dictate the necessity of its removal, for it is a fact that premature decline of the vigor of manhood, matrimonial unhappiness, compulsory single life, etc., have their sources in excess, the germ of which is planted in early life, and the bitter fruit tasted long afterward; patients, laboring under this complaint, will complain of one or more of the following symptoms: Nocturnal Emissions, Pains in the Back and Head, Weakness of Memory and Sight, Discharge from the Urethra on going to stool or making water, the Intellectual Faculties are Weakened, Loss of Memory ensues, Ideas are clouded and there is a disinclination to attend to business, or even to reading, writing, or the society of friends, etc. The patient will probably complain of Dizziness, Vertigo, and that Sight and Hearing are Weakened and sleep disturbed by dreams, melancholy, sighing, palpitations, faintings, coughs and slow fever; while some have external rheumatic pain, and numbness of the body, some of the most common symptoms are pimples in the face and aching in different parts of the body. Patients suffering from this disease, should apply immediately to Dr. PEREAULT, either in person or by letter, as he will guarantee a cure of Seminal Emissions and Impotence in six to eight weeks.

Patients suffering from venereal diseases in any stage (Gonorrhea, Gleet, Stricture, Boils, Ulcers, Cancers, etc.), will be treated successfully. All Syphilitic and Mercurial Taints entirely removed from the system.

Dr. PEREAULT's diploma is in his office, where patients can see for themselves that they are under the care of a regularly educated practitioner. The best references given if required.

Patients suffering under chronic diseases, can call and examine for themselves. We invite investigation, claim not to know everything, but to cure everything, but we do claim that in all cases taken under treatment, we fulfill our promises. We particularly request those who have tried this boasted doctor, and that advertised physician, till worn out and discouraged, to call upon us.

Low charges and quick cures. Ladies suffering from any complaint incidental to their sex, can consult the doctor, with the assurance of relief.

Female Monthly Pills.

Dr. PEREAULT is the only agent in California for Dr. Bior's Female Monthly Pills. Their immense sale has established their reputation as a female remedy, unapproached, and far in advance of every other remedy for suppressions and irregularities, and other obstructions in females. On the receipt of five dollars, these Pills will be sent by mail or express to any part of the world, secure from curiosity or damage.

Persons at a distance can be cured at home, by addressing a letter to Dr. PEREAULT, corner of Sacramento and Montgomery streets, Rooms, 10 and 11, or Box 973, P. O., San Francisco, stating the case as minutely as possible, general habits of living, occupation, etc., etc.

All communications confidential. je 29-1y

MEDICAL.

DR. CHAS. H. TOZER'S
PRIVATE MEDICAL INSTITUTE,
N. E. Corner of Kearny and Jackson Streets,
SAN FRANCISCO.

The Great Eradicator of Special complaints, formerly of Lock Hospital, London, Eight Years in Sacramento, and the last Four Years in San Francisco.

DR. TOZER'S
Experience is of forty years' standing, and during that time he has met with unparalleled success in the treatment of all those diseases generally known as Venereal or Chronic.

It is impossible here to mention all the diseases with which he is familiar; some, perhaps, will not be out of place. The most formidable, the most destructive to mankind is Self-Abuse. The brain being the seat of the disease, the whole system suffers in consequence. I will here enumerate some of the symptoms, so that those afflicted may be able to form an opinion in regard to their complaints, and seek advice in time, thereby saving themselves a world of suffering: Nervous Debility, Loss of Memory, Pain in the Limbs and Back, Palpitation of the Heart, Trembling of the Limbs, Headache and an aversion to general society, especially that of females. There are a great many more, but these are sufficient, and should you be suffering from any of them, call on Dr. TOZER, and he will cure you in a short time, without any interruption to your business—or state your case by letter, and there will be no occasion for your calling at the office.

Stricture of the Urethra
Is another formidable enemy to health. Send for one of my circulars on that disease, and inform yourself of its terrible results. The worst cases cured in a few days.

Veneral Disease.
In all their various forms, either Primary, Secondary or Hereditary, completely eradicated from the system. Your constitution being restored to perfect health, there will be no danger of handing down to your children that terrible disease known as Scrofula.

Syphilitic Disease.
As it presents itself on this coast, is of a more formidable character than that seen in the Atlantic States or Europe, arising from the fact of the poison in the blood, which, sooner or later, will show itself as a secondary disease in an aggravated form. These facts I have learned by experience, and think I can say without boasting that I have seen more practice in these diseases than any other physician in San Francisco, dating as it does, from 1849. It becomes you, therefore, to think well before you employ a physician. Who is the proper one to consult? An old experienced one, or one who has recently settled among you?

My plan is purely vegetable, destroying the disease and purifying the blood, so that there is no danger of secondary symptoms.

Rheumatism, Neuralgia,
And diseases arising from the use of Mercury, such as pain in the skin, bones, etc., Plague of the nerve-joints of the body, running sores, etc., and impurities of the blood, cured in a short time by the use of my VEGETABLE MIXTURES, known only to myself.

Seminal Weakness.
Should you be afflicted with any of the following symptoms, such as weakness of the Back and Limbs, Pain in the Head, Dimness of Vision, Nervousness and General Debility, Loss of Memory, Confusion of Ideas, and Depression of Spirits, Evil Forebodings, Self-distrust, and aversion to society, consult Dr. TOZER at once, and he will restore you to perfect health.

To Females.
When you are afflicted with Weakness of the Back and Limbs, Head, Loss of Muscular Power, Palpitation of the Heart, Irritability, Nervousness, Extreme Urinary Difficulties, Derangement of the Monthly Secretions, Sterility, and other diseases peculiar to females, consult Dr. TOZER, and you will receive particular attention. Let no false delicacy prevent you, but apply at once, and save yourself from painful suffering and premature death.

My rooms are so arranged that there is no danger of exposure, and of meeting any one save the Doctor. My FEMALE MONTHLY PILLS were never known to fail in giving relief in those cases for which they are recommended. To be obtained only at my office.

Price, FIVE DOLLARS—with full directions on each Box. Sent by Mail or Express.

To Correspondents.
Patients of either sex, residing in any part of the country, however distant, who may desire the opinion and advice of Dr. TOZER, can, by submitting a written statement of their case to the Doctor, receive all the attention and medicines necessary to effect a cure without the necessity of a personal interview. A Grateful Acknowledgment to Skillful Gentlemen.
San Francisco, June 1, 1896.

Dr. Chas. H. Tozer—Dear Sir: You will excuse me for not writing to you sooner. You will please find the enclosed money for the medicine you sent me about a year ago. The roof of my mouth had completely rotted out, and my palate dropped and there remained, stopping up the passage so that I could hardly eat. A doctor recommended you, and I was enabled to swallow my food, and in a short time began to improve. I took your medicine until you finally succeeded in stopping the disease, saving my nose and upper lip, though you frequently cautioned me about losing it. I am now in the country, and you finally recommended me to go into the country, and before going, by your advice, I had a cast taken of my mouth, in order that I could have a plate made for me to enable me to speak so as to be understood, and am now using it. My eternal thanks are due to you for the perseverance and skill that you displayed in my case, and I have to thank you for my restored health, and even my life, as I was very near bleeding to death several times from the nose. I am now in Sacramento City, enjoying good health, and I shall recommend all my friends to call on you should they be so unfortunate as to require assistance, and I would advise all persons to avoid certain scientific doctors in your city, for they will send them to a land from whence no traveler returns.

With my best wishes for the success of both of you, I remain, yours, etc., S. S. T.

PRIVATE MEDICAL AID.
QUICK CURES AND MODERATE CHARGES.

DR. W. K. DOHERTY'S
Private Medical and Surgical Institute
Sacramento Street, below Montgomery, opposite the
Pacific Mail Steamship Company's Office. Private
entrance on Leidesdorff street, San Francisco.

Established expressly to afford the afflicted sound and scientific medical aid in the treatment and cure of all Private and Chronic Diseases, cases of Scrofula and all Sexual Disorders.

TO THE AFFLICTED.
Dr. W. K. DOHERTY returns his sincere thanks to his numerous patients for their patronage, and would take this opportunity to remind them that he has succeeded in curing the most obstinate cases of chronic diseases of the Lungs, Liver, Kidneys, Digestive and Genito-Urinary Organs, and all private diseases, viz: Syphilis in all its forms and stages, Seminal Weakness, and all the horrible consequences of self-abuse, Gonorrhea, Gleet, Stricture, Nocturnal and Diurnal Emissions, Sexual Debility, Diseases of the Back and Limbs, Inflammation of the Bladder and Kidneys, etc., etc., and he hopes that his long experience and successful practice will continue to ensure him a share of public patronage. By the practice of many years in Europe and the United States, he is enabled to apply the most efficient and successful remedies against diseases of all kinds. He uses no mercury, charges no money, and has no influence from men of known respectability and high standing in society. All parties consulting him by letter or otherwise, will receive the best and gentlest treatment, and implicit success.

Dr. DOHERTY would call attention to the following certificates from two of his patients, who, having fully recovered their health, desire to make known their remedial agent. It will be seen their statements are fully authenticated by a Notary Public.

The welfare of society imperiously demand their publicity and they are given more to warn the unwary than to sound the praise of a Physician, of whom hundreds of like cases can be cited during a practice of more than fifteen years.

Dr. DOHERTY—Dear Sir: I feel my health so fully restored, that in common gratitude, I believe I should make you some written acknowledgment for your valuable services—particularly as your fee was small for the work performed.

I arrived in this city from the East about one year ago, and was then suffering from an old case of Gleet, complicated with Stricture. Being a stranger in this city, and believing those Doctors who gave such positive assurances of success were necessary the best, (some of whom have a large number of titles), I placed myself in their charge and continued under their treatment until I had lost nearly all hope and a considerable sum of money.

I wish to say now that you are the sixth Doctor I have employed, and the only one that has ever done me any service. My Gleet is wholly cured, the Stricture is all removed, and my general health is better than it has been for years.

In conclusion, I would say to the many unfortunate who require medical advice, if you have any doubts as to whom you may employ, ask Dr. DOHERTY for my address and call and see me. (I keep store in this city.) My experience may save you many dollars.

I would also add that in the early stage of my disease I used a large amount of the preparations advertised as an infallible cure for Gonorrhea, Gleet, etc., but never derived any benefit from them.

I am, Doctor, very truly yours,
L. H. M.

Seminal Weakness—A Sworn Certificate of a
most Remarkable Cure of Spermatorrhea.

A desire to benefit humanity, and a feeling of gratitude to Dr. W. K. DOHERTY, alone induced me to make this statement. For many years I have been afflicted with that fearful disease known as "Spermatorrhea," but till 1890 experienced but little trouble or inconvenience. In that year however, I had Seminal Weakness to an alarming extent, which was soon followed by the most distressing symptoms as weakness of the back and limbs, pain in the head, dimness of vision, nervousness and general debility. My mind, too, was seriously impaired by such an onerous and distressing ailment.

My ideas were confused and spirits depressed. I was averse to society, had evil forebodings and self-distrust, and was entirely unable to do any of the duties of my profession. On the 15th of December, 1890, I placed myself under his care in one week I found myself very much improved, and, now, after five weeks' treatment, I feel myself thoroughly cured of the disease, and in the enjoyment of the best health. Hoping that my experience may be of benefit to others similarly afflicted, I subscribe myself

Dr. W. K. DOHERTY, Notary Public.

THIS CELEBRATED INSTITUTE
has enjoyed on this coast an uninterrupted success of fourteen years, and has become one of the most renowned Hospitals of the age. What the celebrated Lock Hospital is to London, and the one to Paris, this Institute has become to the Pacific Coast. The thousands annually received and cured place it in the position of number one among the very best of the world, and the success of its treatment ranks it second to none.

PRIVATE DISEASES IN MALES AND IRREGULARITIES IN FEMALES are the great destroyers of health. They insidiously attack the system, and gradually undermine and destroy it; they drive the bloom from the cheek, the lustre from the eye, the strength from the frame; they give to the system a permanent and distressing ailment, through successive generations the race of man. The marks can be seen in Scrofula, Consumption, Cripples, the Idiote, the Paralytic, the Insane, etc.

There is no more terrible scourge to the human race than those diseases arising from the contamination of Venereal Poison. The mildest form, by retreating to the blood, leads to the most violent and the destruction that is inflicted at any moment to fall and blight—to utterly destroy—all earthly hopes.

MERCURY, recognized as the most fatal medical enemy to man, combining with the Venereal, doubles its dangers. Those who have been cured with this pernicious mineral poison are not cured; the disease has only assumed a new form.

Do not be satisfied with partial cures that leave the poison to crawl through the system, eating its way into the tissues and organs beneath the apparently smooth surface, to burst out in the future with a virulence that will baffle the effects of medicine. WHEN PERFECT CURES can be obtained by consulting a physician whose long practice and thorough investigation into the causes of DISEASES OF THE URINARY ORGANS enables to determine at once the nature of the disease.

In all cases entrusted to the Doctor's care, PERFECT, SPEEDY AND PERMANENT.

Cures are Always Guaranteed.
In syphilis and its adjuncts: Gonorrhea and its accompanying diseases; and all diseases of the Bladder, Kidneys, and prostate: Seminal Weakness, Diseases of the Heart and Lungs; Dyspepsia; Indigestion, Impotency; Impudent consumption; and all diseases of the urinary organs, the Doctor will always warrant, NO PAY REQUIRED, at the

Seminal Weakness or Spermatorrhea
The young man who experiences that growing weakness in his muscular and mental organization should stop to consider whence it arises. He will find in the weakness of the back, trembling of the limbs, disordered digestion unaccountable failing of the powers of the mind, distaste for society, dread of impending trouble, forebodings of evil, sleeplessness, troubled and lascivious dreams, accompanied by groaning, loss of muscular power, and numerous other symptoms of disorganization, the positive traces of that most terrible and destructive of all diseases Seminal Weakness—wasting away his powers, destroying his hope of life and manhood, and dragging him along the broken path of his existence towards a premature and loathsome grave. To him who finds his life dribbling out in the discharge of the vital principle of existence in nocturnal and diurnal emissions, the most distressing of
